MyHotwire Premium

Fully-loaded Remote & Transponder Key Programmer
Bundled software packages with huge discounts & predictable annual maintenance fees.

- Access to ALL Hotwire software titles with 1-year of software updates & tech-support
- Access to any NEW software titles within 1-year of initial purchase
- FREE Windows tablet or laptop and current version Hotwire software installation
- 1-year access to software updates & tech-support

\$7499

This price includes Loss Protection and 1-year of annual maintenance fees. After the 1st year, there is a \$1200/year maintenance fee

What you get with the annual maintenance fee:

- Access to all software version updates for 1-year
- Access to NEW software titles for 1-year
- Access to KeylessRide technical support as well as KeylessRide TechInfo Online for 1-year

NOTE: Annual maintenance fees are now paid in monthly payments of \$100/mo. New hardware (i.e. adapters) that may be required to support future software releases must be purchased separately.

1-year Premium Hotwire Subscription

- 1-year access to ALL Hotwire software titles including NEW titles
- 1-year access to Software updates & tech-support
- FREE Windows tablet or laptop and current version Hotwire software installation
- Advanced monthly billing w/unlimited usage

\$299/mo

\$599 initial hardware fee

\$100 activation fee waived
**\$100 activation fee only applicable when re-activating a previously cancelled subscription

- Subscriptions cancelled within 1-year will result in an early termination fee (call for pricing).
- If you cancel a subscription, software will continue to work until the beginning of your next billing cycle.

FINANCE AND OWN!

MyHOTWIRE PREMIUM FINANCING PREFER MONTHLY PAYMENTS, BUT STILL WANT TO OWN THE HOTWIRE?

\$325/mo \$2000_{down}

This financing program includes the first 2 years of software updates (not hardware). A monthly connection to KeylessRide's server is required during the finance period for validation of account status*. After the 24 months, the software license (up to the released version available at that time) and hardware are owned outright. However, the standard annual maintenance fees will apply for access to future software version updates after the finance period (25th month onward).

*KeylessRide reserves the right to deactivate/void software on financed MyHotwire units with delinquent accounts during the finance period, which may result in the forfeiture of all down payments and monthly payments made during the finance period. Other terms and conditions apply.

FREE LOSS PROTECTION INSURANCE

Now included with MyHotwire annual maintenance Hotwire Premium and Subscription!

- Annual maintenance plan and/or Hotwire subscription must be active for the Loss Protection coverage
- Hotwire hardware and accessories will be replaced for a \$999 deductible.
- MyHotwire and Hotwire subscription owners must agree to connect to KeylessRide servers monthly for this benefit

LIMITED LIFETIME WARRANTY

Now included with MyHotwire annual maintenance Hotwire Premium and Subscription!

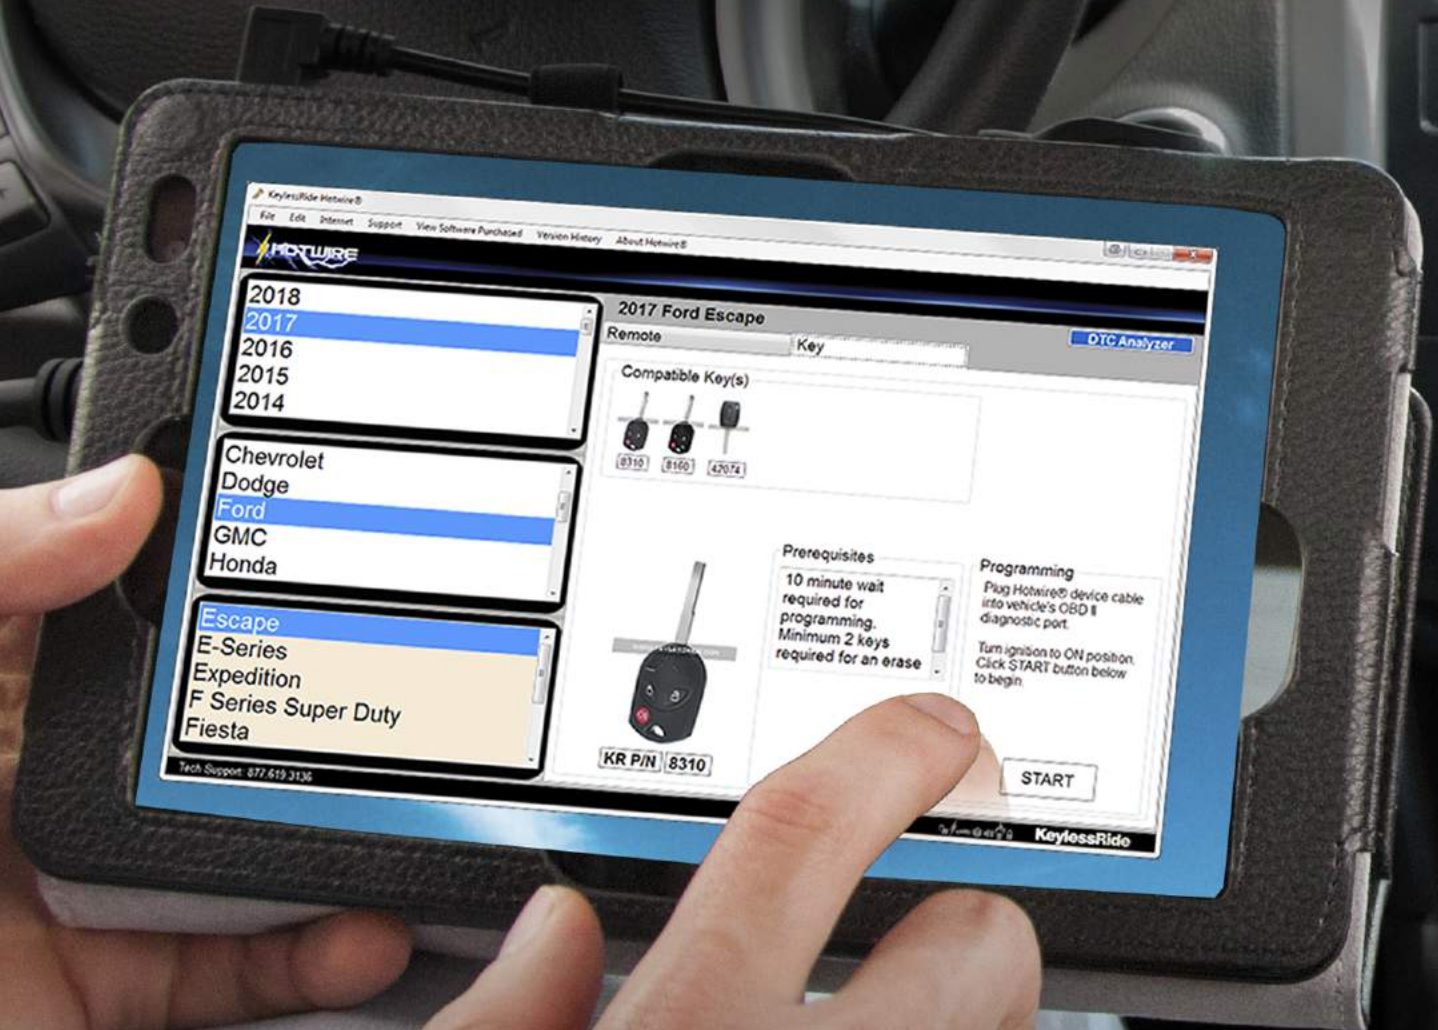

- Warranty repairs for defects and workmanship.
- Advance loaner for units requiring repair.

HOTWIRE™

PC-BASED KEY & REMOTE PROGRAMMER

PROGRAM REMOTES & KEYS THE EASY WAY

- Just select year/make/model to begin
- Features step by step remote and key programming guidance
- Viewable remote on-board-programming procedures when applicable
- Shows part numbers and color pictures of both keys and remotes
- Requires only a single cable for most applications
- Internet connection not required during programming
- Easy software updates and vehicle list updates over the internet

HOTWIRE APPLICATIONS®

Use the colored squares to determine if Key, Remote, and/or Misc. Programming is available for each vehicle.

If Programming Code Required, Coverage NOT Included, typically the code can be obtained by registering with NASTF (nastf.org) and visiting the manufacturer's OEM Service/Tech Info Website.

KEY PROGRAMMING

- K Key Programmed with Hotwire
- K* Key OBP (On-Board-Programming) Instructions Included

FREE LAPTOP BAG WITH HOTWIRE PURCHASE

iD - Immobilizer Detector

The iD was designed as a diagnostic assistant capable of testing for active immobilizer coils on cars equipped with immobilizer security systems. Simply position the ring next to an ignition turned to the ON position and press the button; if the vehicle has an immobilizer security system the blue LED will light. It's that easy!

Great for testing cars with optional or potentially damaged immobilizer systems!

KR P/N **1523** **\$44**

KR TOOL

KeylessRide OBDII Programmer Plus (KR-1515)

For programming remotes to General Motors, Chrysler and Mitsubishi vehicles. Automatically detects whether or not a vehicle is equipped with a factory keyless entry system!*

- Looks more professional than other jumper methods
- Generate higher programming fees
- Conveniently program from the driver's seat
- Saves time & effort!
- Lexus/Toyota ECU/ICU Synchronization
- Audi/VW fault detection

*Applies to vehicles that require a fused jumper between pins 1 & 4, or 4 & 8 on the OBDII diagnostic connector for programming

KR P/N **1515** **\$99**
